A stubborn cough or tickling in the throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once. Stormes Drug Store.

An unusually large number of European buyers are attending the horse sale at Chicago this fall and are taking a large proportion of the best animals put on sale.

Monday was a fair court. About 500 or 600 cattle on market, and nearly all of them changed hands at fair prices. Farris, of Boyle, took some feeders at from 1-2 to 4 cents. Not much sale for horse and mule stock. Sows and pigs from \$10.00 to \$15.00 and "chees nats 5 cents a pint or 3 for a dime."

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Stormes Drug Store.

A good way of giving medicine to a sick horse is to mix it with a bran mash. The effect of the feed in mak-

ing the bowels more susceptible to the action of medicine renders it more effective so that less is needed and danger of spasmodic or painful action of the bowels is averted. When the horse improves and begins to need strengthening food substitute oatmeal for the bran, the former being more nutritious.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stormes Drug Store.

A writer on and breeder of swine writes: I lost several shoats, in fact eight out of a lot of nine. They would come to the trough and drink, apparently all right, then lie down and die. I was then told they had throat worms. I caught the only remaining one and poured down its throat a teaspoonful of turpentine. It squealed as loudly as any of them, but lived and raised a fine litter of pigs.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used to-day for colds, croup, tickling in the throat or obstinate coughs. Stormes Drug Store.

There is nothing more true than that the flavor that butter contains determines to a great extent the price the consumer is willing to pay for it. Strictly "gilt-edge" farm butter or private dairy butter commands a very high price and there are more would-be customers than can be supplied. Twenty-five and thirty cents per pound for butter of delicate aroma is a very common price, but the maker of just "ordinary" never receives it. It is true that the fine flavor of butter is produced in many different ways. And we would add; the poor flavor of butter is also produced in many different ways.

Some of the causes are beyond the housewife's ability to prevent. If for instance, she has been making sweet, desirable butter from cows fed on clean, sweet hay, oats and corn and other such articles of diet, she cannot prevent the utterly distasteful flavor of her butter when those cows have been turned upon rye pasture and left to feed there day after day. If she has better customers she is very apt to drop them. If she does not they will soon be excusing themselves from taking longer.

How to Prevent Croup. We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. NICKLE, of Nickle Bros., merchants, Nickleville, Pa. For sale by R. E. McRoberts. 1m

BACK CREEK.

I am Captain Jenks, of the Alger crew,

And I mean to swear Russ Alger th'r. In spite of all that you can do, For I came from Chickamauga. I'm pretty well versed in politics And the various sorts I neatly mix, For I'm fully up to all the tricks That prevailed at Chickamauga.

My few remarks are cut and dried, And Alger himself the tale has tried, And it's hard to prove that I have lied, Though I came from Chickamauga.

So each august committee man Must keep as silent as he can, And let me proceed with the little plan Which I brought from Chickamauga.

In a short, set speech the case I state, And Alger I fully exonerate. From all the wrongs, both little and great, That occurred in Chickamauga.

No, there you have it, and that's enough 'Tis easy to see that I'm up to snuff, And you needn't try to cut up rough, With a man from Chickamauga.

Why can't you let me alone, I say? Take off that cock-eyed man, I pray We never were treated in any such a way.

Down there in Chickamauga. He tangles my story—can't you see? And makes me say more than's good for me.

Who comes from Chickamauga. You don't believe it? I'd have you know That at home we don't treat witnesses so, And I want to pack up my things and go.

Straight back to Chickamauga. De Witt's Witch Hazel Salve has the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve the great pile cure. Stormes Drug Store. 1m

Give your Stomach a Rest. ELECTROPOISE. The trouble with most sick people is that in their anxiety to get well they try first one nostrum, then that, until the poor stomach rebels and calls a halt. There's a better way. What the body needs is oxygen—more oxygen. The Electropoise is simply an instrument which, when applied to the ankle or wrist for a short period each day, polarizes the body and enables it to take on oxygen more freely. The Electropoise cures without medicine. One instrument lasts a lifetime. Send for descriptive book and read what noted people say about the Electropoise.
